# Paths to a PhD

## Individual vs. structured PhD

---

### Individual PhD

- Individual research under supervision of supervisor
- Optional courses or other forms of teaching / learning
- Mostly informal admission and marginal formalisation

### Structured PhD

- Guidance by a team of supervisors / supervising committee
- Mandatory, fixed supporting curriculum (interdisciplinary)
- Defined application process
- Offered by research training groups / graduate schools

# Individual vs. structured PhD model

	TRADITIONAL APPROACH	STRUCTURED PROGRAMME
Selecting a research project	<p>I would like to choose my own doctoral subject.</p> <p>I would like to study for my doctorate with a specific researcher.</p>	<p>I prefer thematic integration in a doctoral or research programme.</p>
Organisation	<p>I enjoy working independently and taking responsibility for my work.</p> <p>I would like to plan how I use my time myself.</p> <p>I would like to primarily concentrate on my research topic.</p> <p>I will attend selected subject seminars, if necessary.</p>	<p>I would like to regularly exchange ideas with colleagues.</p> <p>I would prefer to be integrated in a specific project or have a fixed curriculum.</p> <p>I would like my doctoral study to have a definite timeframe.</p> <p>I would like to receive support with articles, lectures or participation in conferences.</p> <p>I would like to deepen my subject knowledge and key skills in seminars.</p>
Supervision	<p>I would prefer in-depth discussions with one supervisor.</p> <p>I want to find a supervisor according to my own criteria.</p>	<p>I would like to have several contact partners.</p> <p>I would like to receive support with official formalities such as registration and a work permit.</p>

# Financing your PhD

- No tuition fees
- Living costs: approx. 800 € (20.000 CZK) per month
- Can be self- or parent-financed (external funding)
- Financed by the German supervisor or host institution
- Individual funding: research associate contracts (part-time)
- Apply for a scholarship

# Funding for PhD students

## Graduate and research schools

PhD students in research training groups, graduate schools and non-university institutes collaborate on research projects, work as research associates or finance their work with research grants.

### Forschungsmobilität - Programme des Projektbezogenen Personenaustauschs (PPP)

Zur Stärkung der Wissenschaftsbeziehungen zwischen einer deutschen und einer ausländischen Einrichtung und Förderung partnerschaftlicher Forschungsaktivitäten unterstützt der DAAD in den PPP-Programmen gemeinsame, bi-nationale Forschungsprojekte von hohem wissenschaftlichem Niveau. Die Projektmittel sind für die im Forschungsprojekt anfallenden Mobilitätskosten der deutschen Teilnehmer bestimmt und dienen insbesondere dazu, den am Projekt beteiligten Nachwuchswissenschaftlern einen Forschungsaufenthalt an der ausländischen Partnereinrichtung zu ermöglichen.
